GPS coordinates	4°20'35.2"N 73°36'28.2"E
SCUBA DIVING GENERAL CONDITIONS	
Best Season	<p>You can dive in Kani all year round, water temperature remains at 28C. But each time of the year have its specificity.</p> <p>February to April Good weather, excellent visibility (up to 40 meters), strong ingoing current. Good chance to see a lots of sharks and large school of eagle rays.</p> <p>May to September More chance of rain, underwater surge, the visibility reduce between 8 to 20 meters but very good chance to see manta rays.</p> <p>October, November Weather is mostly sunny, visibility is getting better (20m average) and the manta rays are still often seen in large number.</p> <p>December, January In-between two seasons, everything can be seen during this two month. Mostly clear weather.</p>
Dives Club Med Kani	<p>Boat dives: Morning, Afternoon, Night</p> <p>Outside reef: A drift along the barrier reef. There is a shallow plateau on top of a slope, this slope going down to a sandy bottom between 20 to 30 meters.</p> <p>Thilas: Sort of underwater mountain with a plateau at 10 meters. This kind of reef drops to 35m and they are fully covered with some magnificent corals and surrounded by huge blocks.</p> <p>Max depth allowed: 30 meters</p> <p>Distance: 5 to 60 minutes boat trip from Kani</p>

Highlights	<p>Lankan: Between May to November, this place is one of the best place on earth to see manta rays.</p> <p>Aquarium: Suitable for every level an easy dive site always full of fish.</p> <p>Nassimo Thila, Okobe Thila and HP: For the coral lovers, these 3 dive sites are the most beautiful ones. Current can be strong on these dive sites and they can only be done if the conditions are good enough.</p> <p>Colosseum: When we have the ingoing current this place becomes our most spectacular dive site with large school of eagle rays and lots of sharks.</p> <p>Madi Faru: This place is in front of a fish factory. When they throw the left overs in the sea it draws lots of sting rays, moray eels and many sorts of fish.</p>
Marine Life	<p>Coral: mostly hard corals.</p> <p>Turtles : green turtles, hawksbill turtles</p> <p>Pelagic: manta rays from may to november, sting rays and eagle rays all year round.</p> <p>Sharks: white tip, black tip and nurse sharks all year round</p> <p>Other Fish: napoleon wrasse, tunas, snappers, trevallies, honeycomb morays, lion fishes, scorpion fishes, octopus, lobsters, trigger fishes, oriental sweet lips, parrot fishes, etc...</p>
