Information contact (email)	cmlapointe@euro-divers.com
Number of staff	5-6 Diving Staff
GPS	55°23'55.04" E
Best Diving Season:	All year round. Summer time (November-April) water temperature range between 26-29 degrees Celsius. May-October “winter” water temperature varies between 23 to 26 degrees.
Type of diving: Shore/ boat, max depth, current, Landscape (reef, sand, plateau etc...), distance	All the dives are conducted with a speed-boat. It takes from 5 minutes to 20 minutes to reach most of the dive sites. We conduct double tank dives in the morning for the experienced divers and single dive in the afternoon for the newly certified and/or beginners. The depth varies between 8 meters to 40 meters.
Highlights	Water lily: Beautiful artificial wreck split in 2 pieces between 16 and 25 m on a sandy bottom .a lot of marine life around, lionfish, moray eels electrical rays, puffer... Stella Maru: Famous Japanese fishing boat sunken in 1987,the wreck is very well preserved and impressive with a length of 40 meters lying at 25 meters.2 giant moray leave inside, as well as big parrot fish, scorpion fish and leaf fish. Aquarium Grand Bay: An easy dive for beginners to experience divers an amazing place for photographers. The coral is stunning and fish life amazing. Clowns, angelfish, surgeon... The Wall (coin de Mire): Up north a fantastic wall cover with gorgonian, pelagic encounters, strong current, dive for experience divers .Possible only if good weather.
Marine Life	Soft & hard corals, sea cucumber, surgeonfish, parrots fish, wrasse, turtle, moray eels , stingrays, barracudas, electric ray, batfish, fusiliers, groupers, angelfish, butterfly fish, triggerfish, clownfish, dart fish, filefish, mullets, blennies, scorpion fish, lionfish, stonefish, pipefish, soldier fish, hawk fish, puffer fish, sea-fans, sea anemones, starfish, dolphins, white tip

	reef shark, eagle ray, tuna, jacks ...
