Diving General:	
Best Diving Season: + Relevant climate info (Temp., visibility, wind etc...)	December to April temp is 25 C, temp of water 20C .Can be windy during this time. Sunny weather with few days of clouds, seldom rain. May to November temp is about 30C to 45C and the water is 25 to 29 C. Sunny weather can be very hot when winds stops
Type of diving: Shore/ boat, max depth, current, Landscape (reef, sand, plateau etc...), distance	Most of the dives are conduct from shore, the max depth is 40 meters, most of the dives are done in our house bay, drop off or plateau, sandy areas. Also boat dives and bus trips to several places in the area are offered.
Highlights Name + type of dive + description of main sea life	<u>Shaab Kenz</u> : first we start in a nice canyon and afterwards you can explore a plateau full of fish and nice soft corals. <u>South Plateau</u> : a stunning reef wall going outside from the reef, sometimes with currents, therefore full of corals, schools of tunas and napoleon seen often over there. <u>Sheik Malik</u> : a sandy bay with a small reef, but the seagrass attracts big turtles and a dougong <u>Shaab Rahma</u> : starting through a small hole into a canyon dive with the possibility of seeing turtles and eagle rays <u>Elfintone reef</u> : one of the most popular drop off dive sites in the red sea with big chance to see longimanus sharks and other big stuff..
